

THE SEWING BEE

DO YOU LOVE TO SEW?

Would you rather spend 100 hours making a dress than 100 dollars buying one? Do you constantly rip apart your thrift store finds and turn them into your own unique fashion statements? Have you created wedding dresses for friends, pants for yourself, or even costumes for comic-con?

If so we want to hear from you!

We're looking for tri-state area men and women who are passionate about making their very own cutting edge creations to take part in a pilot for a new amateur sewing competition television series.

Love Productions USA, an award winning television production company with offices in New York and London is beginning production on an exciting US adaptation of our BBC2 smash hit "The Great British Sewing Bee" for a major US cable network.

Each week a group of all-new amateur sewing enthusiasts face off in unique challenges that put their sewing and design skills to the test. Expert judges, made up of fashion industry heavyweights, bespoke tailors and sewing professionals, scrutinize every creation and name each week's winner.

So if you're at home behind a sewing machine and you know your godets from your gussets we'd love to hear from you!

You may just be named one of America's best home sewers!

To apply please send an email and current picture to:
